

**Discussion Under Rule 98**

U.S. patent 6,391,345 issued May 2002 describes the refining of cold pressed cranberry seed oil, and is incorporated herein by reference. American cranberries, *Vaccinium macrocarpon*, are native plants of open, acid peat bogs in North America.

Respectfully submitted;

A handwritten signature in black ink, appearing to read 'A. J. O'Lenick, Jr.', with a stylized, cursive script.
